Attn: Michael S. Greene, District Manager

Mr. Greene,

Due to the sequential differences and missing parameters on your monthly reporting form we find it difficult to accurately and efficiently enter your monthly data.

Included with this Fax is a DMR Preprint based on the EPA data sequence with specific parameters. We request that you please review the preprint and adjust your monthly monitoring reports to correspond with the preprinted format.

We thank you for your cooperation and feel free to contact me with any questions.
